OVER TWENTY KILLED IN WRECK

Head-on Collision of Passenger and Circus Trains in Georgia

FRIGHTFUL SCENES

Lion Liberated by the Impact is now Roaming at Large in Vicinity of Disaster.

Columbus, Ga., Nov. 23—The death toll of the head-on collision between a Georgia Central passenger and a circus special train ten miles east of here late yesterday was expected by officials today to reach between twenty and twenty-five. Many missing members of the circus company half dozen bodies have already been recovered. Several of these are so badly burned as to make identification almost hopeless.

Railroad officials said today that the passenger train, which was enroute from Birmingham to Macon, had failed to sidetrack for the circus special, carrying the Con T. Kennedy carnival troupe from Atlanta to Phoenix City, Ala., at Muscogee.

A dozen circus cars were burned. Some contained wild animals. The death toll was confined to persons on the circus special, so far as could be learned. Those on the passenger train escaped with minor injuries.

Horror was added to the disaster by the burning of some of the victims in sight of survivors, who were unable to release them.

Most of the animals of the circus were burned in the wreckage, but it is reported that at least one of the lions escaped, and is now at large.

The circus train was literally plowed through the flimsy box cars telecoping under the force of the passenger train.

Columbus, Ga., Nov. 23—Eighteen persons are believed to have been killed as the result of a head on collision between passenger train No. 2 on the Central of Georgia Railway and a circus special of the Con T. Kennedy Carnival Shows. The wreck occurred about ten miles west of here late yesterday afternoon. Six bodies have been recovered. Twelve others are missing and are believed to have been cremated. Fift injured were brought to Columbus hospitals.

The known dead are:

Fred Kempf and wife, of Kansas City.

A showman, known as "Whitey".

Three other showmen, whose bodies are so badly burned that they have not been identified.

Kemfp and his wife were burned to death while scores looked helplessly on. With their 4-year old child, they were in one of the big circus auto trucks on a flat car when the wreck occurred. Shut off from escape and with flames eating their way through the truck. Mrs. Kempf succeeded in throwing the child through a window of the truck and clear of the fire. The little girl was badly injured, but is expected to recover.

Railroad officials attribute the wreck to the failure of the passenger crew to obey orders.

The show was on its way from Atlanta to Phoenix City, Ala. Two carloads of animals were burned.

THE GREECIAN SITUATION

Italy Will Participate in Coercive Measures Against Constantine

Saloniki, Nov. 23—The declaration by the British Legation at Athens of coercive measure against Greece is creating a critical situation.

Denys Cochin, member of the French cabinet who had arranged to leave last night for the front, is returning to Athens.

British and French military and naval officials declare that the situation of the allied army, considered from an elementary stategical viewpoint, cannot be longer tolerated. With its base in the air, it is exposed to dangers no general would care to face. One naval official said:

"Our army is in the position of a hostage."

A Greek official when asked what the Greeks would do in the event of a retreat by the allied army into Greek territory said:

"We will allow the Germans to enter, the Greek army standing to one side."

Nevertheless the mobilization of the Greek army continues. New troops are being constantly sent to the frontier.

Geneva, Nov. 23—A circular note signed by Germany, Austria and Bulgaria, has been addressed to the Greek government.

According to information from a high source the note demands assurances that Serbian troops will not be allowed to pass safely into Greek territory, but will be interned and disarmed if they retreat into King Constantine's domain.

London, Nov. 23—A dispatch from Athens to the Daily News says:

The Italian minister has been instructed to participate with absolute equality conditions in the coercive measures adopted by the allies against Greece.

The Daily Telegraph says, under a Rome date: "Lord Kitchener having conferred with the diplomatic body has ascertained that the sole authority in Greece is a King, who governs as a dictator. Ministers, politicians and people welcome Kitchener and Cochin, showing their sympathy with the entente and their desire to maintain friendly relations, but all the Greeks taken together count as nothing against the determination of a King, who, in his Germanphile beliefs, is perhaps more sincere than the others."

Rome, Nov. 23—An anti-dynastic revolutionary outbreak is feared in Athens. Troops are patrolling the streets, and occuping all strategic positions, and a large force is guarding the royal palace.

The cabinet council is constantly in session, the chiefs of the military staff participating. The impression prevails that King Constantine realizes that he will be forced to yield to the allies' demands.

TEUTON LOSS BIG IN FIGHT AT LOOS

General French Tells of Thousands of Dead Left on Field

COMBATS THE REPORT

Says Teuton Statements Referred to Only Small Portion of the Recent Battlefield.

London, Nov. 23—Field Marshal Sir John French, in his report from the front describes briefly an organized bombardment by the British artillery of the German lines and refers again to the fighting in October around Loos. Of the German counter attack on October 8, Field Marshal French had previously reported that the German losses were very heavy "some 8000 or 9000 dead being left in front of the British and French trenches."

In denying this the German official statement said:

"This was a pure invention, as the number of dead and missing, including those who died later of wounds was only 736." Field Marshal French, in his latest report, declares that the German communication refers only to one small portion of the battlefield and reiterated that all information confirms his original estimate. The text of the statement follows:

"Our artillery has during the past four days carried out an organized bombardment of many portions of the hostile lines with great effect. The north of Loos, east of Armentieres and east of Ypres.

"A German aeroplane landed within our lines southwest of Ypres on November 19. The pilot and observer, who stated that they had lost their way, were captured. The machine was not damaged.

Statements in the German report of the 21st regarding our front are incorrect in every particular. The report states that a large mine was successfully exploded in our position on the Ypres- Zonnebeke Railway. The mine in question exploded well in front of our trenches. It caused no damage and no casualties, and we have occupied the ground on either side of the crater.

'The enemy made air raids on Poperinghe on November 18 and 20. No damage whatever was done to the railways or any building in the first raid. Two soldiers were wounded and four cows were killed. In the second raid one bomb caused casualties to eight men. None of the others had any effect.

'With regard to the enemy's denial of my estimate of his loss in killed on October 8, he apparently is attempting to deceive by referring to only one small portion of the battlefield, while my report referred to the whole attack on the 8th of October. The enemy attacked not only to the southwest of Loos, but also southeast and northeast of that place. All further information obtained, including this report of the casualties confirms my original report."

"WE WILL WIN," SAYS DERBY

British Recruiting Chief Encouraged By Canvass of Country

London, Nov. 23—"The country is sound and it is determined to see this war through to the end," said the Earl of Derby in talking to American correspondents yesterday regarding the British recruiting campaign, of which he is in charge. "The people are as determined to carry the war through as they were in August of last year and we will win it."

That much, Lord Derby said, he was willing to affirm as the result of the canvass of the country which he had been managing. More definite information he was obliged to withhold until the formal announcement of the results of the canvass, which would be made December 11.

Lord Derby said it would be a great accomplishment to bring the present the war to a successful end without compulsion. He attributed the previous failure of many to come forward largely to the fact that the necessities of the case had not been realized.

SWALLOWS TABLE KNIFE

X- Rays Locate in Woman's Stomach and Will Be Removed

Chicago, Nov. 23—Eight months ago Mrs. Elizabeth Herschberger became a patient at the county hospital.

She was ill of typhoid fever, and in her first night at the hospital she became delirious. While in this condition she seized a 10-inch table knife from a tray, and in the absence of any one to restrain her, poked it down her throat. Attendants attracted by the woman's groans hurried to the bedside.

Then an intern made a hasty diagnosis, and attributed the patient's action to the delirium. He administered an opiate.

A week afterward she was discharged as cured.

From time to time she complained of internal pains. Yesterday the X-ray revealed a foreign substance lodged in the woman's stomach. A better photograph proved that it was a large table knife.

Surgeons will operate in an attempt to remove the knife.

MAN BURIED ALIVE.

Wife and Son Threatened With Similar Fate by Murderer.

Batavia, N. Y., Nov. 22.— Luigi Matroni was buried alive in the cellar of his home near Corfu, in May, 1914, his body being trampled into a newly-made grave while he still begged for mercy, according to a story told by his widow to District Attorney Coon here yesterday. Antoni Boliva, the alleged murderer, pointed out the spot where the crime occured, and a body was found which Mrs. Matroni identified as that of her husband. Boliva has confessed, the district attorney said.

Boliva, who is Mrs. Matroni's son-in-law, is serving a six months' term in the Monroe county penitentiary for a stabbing affray. Mrs. Matroni came here from Syracuse to tell the story of the murder, which she declared had been witnessed by her and her young son, Charles. Her long silence, she said, was due to fear of Boliva, who had threatened a similar fate for her and her son. When she learned he was in prison she felt safe to tell.

Mrs. Matroni said that her husband was felled by a blow from a pick-ax handle wielded by Boliva. He was knocked unconscious, but revived before the grave had been dug in the cellar. He pleaded with Boliva for mercy just before he was thrown into the pit and trampled under the ground she declared.

After hearing the woman's story District Attorney Coon and Sheriff Edgerton took Boliva to the farm where the Matronis formerly lived. Boliva at first denied knowledge of the murder, but later, District Attorney Coon said, he confessed and told the men where to dig. They found the body under nine feet of earth, the house having been torn down and the cellar filled in after the Matronis moved away.

Boliva killed Matroni, he told the district attorney, because after his marriage to Matroni's stepdaughter she told him that Matroni had attacked her the day before their wedding.

Carmel refused to mind Frank, who was the "teacher." The boy got his father's revolver and shot her through the head. She died instantly and the boy fled.

POLLARD WANTS LAW ENFORCED

Attorney General Delivers Address to Baptists at Clarendon.

TEMPERANCE REPORT.

Congress Urged to Adopt Hobson Prohibition Amendment to National Constitution.

Yesterday, the closing day of the Baptist General Association of Virginia at Clarendon, Alexandria County, was featured by numerous addresses.

The principal address of the morning was delivered by Hon. John Garland Pollard, who urged that it was easier to make laws than to enforce them, easier to vote prohibition than to enforce it, and the only way to make prohibition effective was to put the enforcement of the law in the hands of the friends of the law.

H. H. Seay, of Blackstone, read the report on temperance, and the association adopted resolutions urging Congress to adopt the Hobson prohibition amendment.

Resolutions were adopted thanking all prohibition agencies for the work done mentioning several papers.

Reports were received from the Baptist Historical Society and on social service. Addresses were made by Rev. Dr. R. H. Pitt and Rev. Hugh C. Smith. Rev. W. O. Beazley conducted the quiet hour services.

The association will meet next year with the First Church, Norfolk and Rev. George W. McDaniel, D. D., of Richmond, will preach the opening sermon.

Rev. George B. Eager of the Southern Baptist Theological Seminary; Rev. O. E. Sams and Rev. B. D. Gray were the speakers last night.

The laymen's mass meeting, presided over by Dr. L. Lankford, of Norfolk, president of the State organization, was held Sunday night. The annual report was read by Dr. Lanford. The report brought out that already 1,600 churches have adopted the every-member canvass and they testify to its usefulness. Professor J. T. Henderson, general secretary, made the first address. Nine years ago tonight this men's movement was inaugurated. It was born out of the indifference of the average male membership of the church—who don't know much, men who don't do much, and who don't care much.

Rev. W. C. James, of Richmond read the report on women's work, showing that the year just closed has brought us glad surprises. "In spite of gloomy business conditions" says the report, "we have made more than our usual progress in financial as well as other departments of our work. We report for the year 260 organized societies 205 of them young people's societies. This gives us a total of 1,595 societies.

Rev. Nathan Maynard reported for the Sunday school board of the Southern Baptist Convention. The total receipts for the year amounting to $400,000, an increase of $27,000 over the previous year.

The gifts to denominational interests were over $90,000, including the expenses of the field works.

The board's gifts to the Bible fund this year brings this fund up to $42,000. The board has undertaken the work of an aggressive campaign of indoctrination, and has four sets of tracts for the free use of pastors.

Rev. O. E. Sams, of Lynchburg, read the report on Home Missions.

NORTON IS SELECTED

Former Judge Will Act With Corporation Attorney Fisher in Tax Matter.

The finance committee of city council has retained Judge J. K. M. Norton to act with Corporation Attorney Samuel P. Fisher, in the legal proceedings to secure for the city the taxes for this year due on the real estate in the territory recently annexed to the city. Judge Norton takes the place of Attorney John M. Johnson, who withdrew from the case. Coincident with the employment of Judge Norton, it is announced that Charles H. Callahan, commissioner of revenue, had agreed to place the property in the territory annexed on the tax books of the city and that the proposed mandamus proceedings against Commissioner Callahan will be dropped. It is understood that the refusal of Commissioner Callahan to place the property on the city books was due to an understanding with the finance committee of city council in order that a test case might be made of the whole question before the courts.

While Attorneys Norton and Fisher have not conferred and the plan of action to be taken by the city to test their rights in the matter has not been decided, it is believed that they will levy on a single piece of property in the new portion of the city and in this way have the courts settle their rights to collect the taxes.

The taxes for the year 1915, only are involved, and the amount is about $8,500. After this year the taxes come to the city without question.

SEVERE WINTER FORECAST.

South Norwalk, Conn., Nov. 23—Charles Cook Tobey, the dean of local oystermen, whose fame as a nautical prognosticator reaches from one end of the Sound to the other, says that the scales on all fish are especially thick, this fall, which means that the winter is going to be unusually severe.

The eels are going deeper in the mud, and their skins are like leather. The blackfish, or tautog, has sought the deepest retreat in the Sound, and its eyes are glossed over, which is its dormant condition, Prophet Tobey says he never knew these signs to fail in his sixty odd years o nthe water.

FIND VERY BAD ROAD

Twelve Miles of Richmond-Washington Highway is Almost Impassible.

Twelve miles of almost impassible road stand in the way of the use of the Washington-Richmond Highway, via. this city, by thousands of automobiles who now make a detour by way of the Shenandoah route, was brought forcibly to the minds of representatives of Washington business organizations who passed through Alexandria, early yesterday, morning to make a personal inspection of the road.

The men represented the Board of Trade, the Chamber of Commerce, the Hotel Men's Association and the Retail Merchants' Association. In addition there were representatives from each of the Washington newspapers and the American Automobile Association. Five automobiles conveyed the party to Fredericksburg.

The route taken was over the Highway bridge, through Alexandria to Occoquan. Thus far everything was plain sailing. The roads have all been improved and there was nothing to halt the tourists. Soon after leaving Occoquan, however, an idea of what a Virginia road it apt to be was given the automobilists. Plowing through red clay ruts and mudholes for a distance of 5 miles, the cars crept along at a snail's pace.

Dumfries was reached at 11 o'clock This town is the northern terminus of what is known as the worst piece of road in the Old Dominion, namely the 5 miles through the Chappawamsic Swamp. Conditions at this point are indescribable. A motor car is put to the supreme test when it is sent into that waste of pine barrens and sink holes. The first car sank hub deep into the soft mire, and it took an hour to get it out. A detour had been mapped out, and all the other four cars except one took it and arrived on the far side of the swamp in safety. The one that ventured to take the road finaliy decided to back out, but in so doing got off the road and sank into the creek. Two hours' work by the entire party was necessary to get the car out of difficulty.

Three hours late, the Washingtonians reached Fredericksburg, and sat down to a luncheon at the Princess Anne, tendered by the board of trade of Fredericksburg. At the lunch R. L. Ferguson, in a short talk, described the conditions along the highway, Mr. Ferguson said that records compiled by the American Automobile Association showed that more than 2,000 automobile touring parties had been diverted either at Richmond or Philadelphia on account of the bad stretch between Washington and Fredericksburg, These parties took the Shenandoah route instead.

"We have used every effort to have Prince William county fix this road," he said, "but as it only cuts across a corner of the county, and does not touch any town, we have been unsuccessful. There is but one way, and only one, to have this road fixed so that touring parties will come to Washington and that is for Washington to subscribe enough funds to build a good highway."

Mr. Ferguson said that $12,000 was the amount necessary. He also informed the party that $450 had been collected by his organization, and was to be put to immediate use in making the road passable.

In behalf of the Hotel Men's Association, T. A. McKee, stated that his organization was ready to contribute a sum. J. M. Stoddard ,of the Board of Trade suggested that a combined meeting of the four committees be held some time this week and ways and means decided upon for obtaining the necessary amount. This suggestion was adopted.

Frank C. Baldwin, of Fredericksburg, acting for the business men of that city, said that Fredericksburg was ready to help.

DRAWING THE LINE

The Stonemen, a benevolent organization of Philadelphia, is said to have a membership of 100,000, chiefly working people. The Ministerial Union of that city has announced formally its official disapprobation of the society, because its ritual follows closely the forms of the administra- of the rite of confirmation in the Protestant Episcopal Church, The Episcopalians do not object. The other Protestant denominations do. The Richmond Journal says it would be interesting to know why. The Episcopal Church is a Christian Church and a Protestant church. But, following the action of the Ministerial Union to its logical conclusion, we must assume that the members of that organization would prefer to have the people outside of any church or religious influence rather than to see them Episcopalians or accepting in any way the Episcopal ritual. Where is the sense in this?

The best thought of the country has outgrown denominational lines. It concentrates itself on means to try to make men better and happier, to give them faith and hope and charity, to provide comfort for them against the sorrows and trials of this life and belief in a far better and sweeter life to come after death, all regardless of, denominational or church names or forms or points of doctrine. It is astonishing to find clergymen in an intelligent community like that of Philadelphia apparently arraying themselves in organized opposition against this most desirable tendency of the times.

MUCH FOR WHICH TO BE THANKFUL.

The people of the United States are now upon the eve of their annual Thanksgiving Day. Preparations for the observance of this time-honored occasion are being made, and joy and gladness will be its essential accompaniments in a land of peace and plenty. One month from next Thursday the spirit of Christmas will be in the air when festive scenes will again be in evidence.

The broad Atlantic, swept by winter's storms, will be between us and millions of good people on the other side of the world who will be experiencing the second most dismal holiday season in their existence. Cut off from supplies which go to to make up the joyful Yuletide, they will be hovering around homes, many saddened, by the casualties of war, or suffering from the terrible anxiety incident to the reappearance of the next war bulletin giving the names of the killed and wounded.

Myriads are destined to spend the coming Christmas, as they did a year ago, in trenches or upon firing lines, while piercing winds are mingling their dismal sound with that of shrieking shells and deadly gases.

GERMANY AND DEMOCRACY.

It was recently stated that the president of the Association of German mechanical engineers in his annual address had recommended the adoption in Germany of the American publis school system giving equal privilege to all in elementary education.

The Baltimore Sun in commenting upon this statement says:

What! the only nation with a real Kultur coming to this country for ideas! A high priest of efficiency worshiping at the shrine of democracy! It seems incredible.

Yet it only goes to show what a great many or us have been thinking lately—a thing which the great war has forced upon our consideration —that there is one essential in government greater and more important than efficiency, and that is democracy. If we have to choose between the two, give us democracy with as high a degree of efficiency as possible, rather than an autocracy with the perfection of it.

NEWS OF THE DAY

The British steamships Merganser and Hallamshire have been sunk by German submarines. The crews were saved.

Germany has completed a new concentration of troops estimated at 680,000. It is believed they will be sent to the western front.

On the Baltic Sea, on Saturday after a short fight, Russian torpedoboats near Windau sank a German patrol steamer. One officer and 19 sailors were taken prisoner.

The British steamer Oakfield, is disabled and helpless in mid-Atlantic in the grip of a southeast gale, with her propeller blades gone, according to a wireless dispatch.

Glen Feurston, a guest, was burned to death and nine firemen overcome early yesterday by fire in the Burton Hotel, in the Loop section of Chicago One hundred persons fled to the street thinly clad.

One of Germany's newest dreadnoughts struck a mine Friday in the Baltic Sea and went to the bottom. All the members of the crew were saved, except 33, who were drowned.

Mrs. Thomas R. Marshall, wife of the Vice President, successfully underwent an abdominal operation at a Indianapolis, Ind., hospital yesterday. It is announced that Mrs. Marshall was resting comfortably.

Forty fortresses have been conquered by the Austro-Germans to date, They include five in Belgium twelve in France, fifteen in Russia and eight in Serbia. In the list were several strongholds, like Liege, Antwerp and Brestlivotsk, considered the mightiest in the world.

George V. M. Jones, of Dover, Del., a Lafayette College student, was instantly killed and Alvan Smith Hutchinson, of Oyster Bay, N. Y., one of Jones' classmates, was painfully injured late Sunday night when an automobile in which they were riding overturned on a curve near Reigelsville, about 12 miles from Easton, Pa.

Cleveland, Buffalo, Toledo, Detroit and other great lake cities have been specified in reports to the British embassy as points from which an attack on Canada was to be launched by German reservists, the British embassy says, So far, however, nothing has been discovered to warrant a protest to this government, it was said.

"Japan is determined to get control of the Pacific. It is the only outlet for her commerce." This statement was made in New York yesterday by Engineer Commander T. Takasaki, of the Japanese navy. If the United States increases her navy, Japan probably will do the same," said Comdr Takasaki. He laughed at the suggestion of war between the United States and Japan.

Information obtained by Democratic leaders from Congressmen returning to Washington and reports from the country indicate that there will be strong opposition within the party to the President's preparedness program On top of this, it is say that William J. Bryan is organizing his opposition and making personal demands on his following in Congress to stand against any increase in the army and navy.

Five hundred men of the Thirty-third Canadian Expeditionary force, shortly to leave London for the front, started to wipe out old scores with the police last night. At midnight more than a score of injured soldiers and police were in Victoria Hospital and a platoon of officers from the camp were trying to stop the row with little success. Brickbats, revolvers, clubs and stones were used and show windows were smashed as well as heads.

Residents of western and northwestern suburbs of Paris were alarmed Sunday morning by a violent explosion. The shock rattled windows at points 40 miles apart. The authorities thus far have been unable to ascertain the point at which the explosion occurred. It was at first attributed to the blowing up of a poweder factory, or to a Zeppelin raid. These theories were disproved, and it is now suggested the noise may have been due to the bursting of a meteor.

The anti-suffragists are going to present their views to President Wilson. Announcement was made yesterday that Mrs. Arthur M. Dodge, of New York, president of the National Association Opposed to Woman Suffrage, and all the delegates who will attend the annual meeting of the organization in Washington on Monday, December 13, will be received by the President in the White House offices December 14. Mrs. Dodge wrote a letter several days ago to the President asking for the interview, and yesterday she was notified of the date set for it.

"There is no doubt that all the nations, Germany included, are longing for peace," says the Hamburger Volkszeitung. "If Germany had only to arrange matters with France and England, peace would not be impossible on a basis of exchanges and compensations, without fear of future difficulties. But Russia, in spite of heavy losses, has recovered herself with astounding quickness. Germany should take advantages of the present favorable situation to begin peace negotiations. If she allows the moment to pass, it will be too late."

VIRGINIA NEWS

Too quick for Ben Garrett, a desperate negro of Bristol, who had drawn a revolver to shoot the officer, Policeman M. M. Frazier, fired a shot into Garrett's stomach, last night, and the negro fell to the street in a dying condition. Garrett had fired four shots at another negro, and was in the act of discharging the last chamber of his revolver into the officer's breast, when Frazier's shot brought him down.

A dispatch from Norfolk says Rev. J. Sidney Peters, field secretary of the Anti-Saloon League, resigned his position last night with the Anti-Saloon League, and requested the bishop to assign him to pastoral work again. Mr. Peters, when interviewed, said it was with extreme reluctance that he served his relations with the Anti-Saloon League and his associates in that work. He felt that he could not longer continue the work under present conditions and desired to return to the pastorate.

The condition of Miss Ada Meadows, 18 years old, who was shot in the arm by her father, in their home near Charlotte Courthouse, several days ago, was reported as favorable last night at the Retreat for the Sick. The arm was not amputated. Miss Meadows, was shot accidentally, according to the hospital's report of the case, while her father was endeavoring to drive a dog out of the house. She threw herself in front of the dog just as the gun was discharged, and the load of birdshot penetrated her arm.

George W. Koiner, State commissioner of agriculture, has issued a request to the tobacco boards of trade of Richmond, Lynchburg, Petersburg and Farmville to call upon President Wilson, Secretary Lansing and the senators and representatives of the export tobacco districts to take such steps as may be necessary to bring about a modification of the British order in council, so that tobacco may be shipped to neutral countries in Europe without restriction for exportation, in order that the tobacco may reach its final destination in Germany and Austria.

Only one judge of the Supreme Court of Appeals will be elected by the next General Assembly. The successor to Judge Keith, who declines to stand for re-election, will be the only place to be filled. At this time the indications are that Judge Frederick Wilmer Sims, of Louisa, will be the successor to Judge Keith. It is regarded as certain that the Legislature, which assembles in 1918, will have to elect two judges, as at that time two of the members of the present court will have reached the age of retirement, provided they desire to retire from the bench.

According to well-founded reports the Midvale Steel and Ordance Company, of which William E. Corey is the head, has closed a deal for the purchase of the Newport News Shipbuilding and Drydock Company and for considerable water-front property at Newport News owned or controlled by the Old Dominion Land Company, The entire deal is said, involves about $40,000,000. If concluded the sale of the Newport News yard would complete a trio of immense shipbuilding combines controlled by steel interests which would place American shipbuilders in position to compete with the great shipyards of Europe.

The two most important items of business transacted during yesterday morning's session of the Virginia Conference at Norfolk, were the announcement of the reception of six preachers by transfer and the adoption of a resolution recommending that the trustees of the Virginia Conference Orphanage be instructed to purchase the Baltimore and Richmond Christian Advocate, and conduct the same as the organ of the Virginia Conference, provided the ownership can be secured at figures within reach of the trustees. The first report of the joint board of finance recommended that married pastors receive $900 and all unmarried pastors receive $700 as salary exclusive of parsonage rent of residence. It is not likely the conference will adjourn before late tomorrow.

The Governor of Virginia alone can grant pardons. Under a ruling of Attorney General Pollard, yesterday the Governor has the right at all times to grant pardons to any and all persons convicted in the State courts. In 1904 the Legislature undertook to vest the board of directors with the power to pass on all applications for release. This appeared to cut the Governor out. Application was made recently to the Governor for a pardon, and the matter was sent to the Attorney General for an opinion, Mr. Pollard holds that the act of the Legislature is void, of no effect, illegal and that the attempt to vest the board of the association with power in such matters, to the exclusion of the Governor, "is an unwarranted attempt on the part of the Legislature to restrict his constitutional power."

PASTOR AT CHURCH BAR.

Unfrocked Until Trial for Wedding Miss Kelly and Davis.

Philadelphia, Nov. 22.— For the part he played in the marriage last week of Miss Eugene Kelly, the New York heiress, and Al Davis, dancer and erstwhile habitue of Broadway cabarets, the Rev. Henry Carr, of Elk Mills, 5 miles from Elkston, Maryland Greta Green, has been temporarily unfrocked as a minister of the Reorganized Church of Jesus Christ, Latter Day Saints, pending an ecclesiastical trial.

When details of how Miss Kelly and Davis had outwitted the young woman's mother and were married almost before the ink on the first Mrs. Davis' decree of divorce was dry became down, a hurried conference of ministers of the Reorganized Church, was called, at the home of the Rev. Ephraim Squires, the presiding elder, in Brooklyn, Saturday night.

There Mr. Carr was summoned and in the presence of his brother ministers he declared that he had been misled by Davis and would in no circumstances have married them had he known their identity.

"Miss Kelly and Davis were married under false pretenses, and I have the documents to prove it," said Mr. Carr.

The decision of the presiding elder in temporarily unfrocking Carr met with the favor of the Elkton minister, who is anxious to clear himself. The trial will probably be held in this city before the Rev. Homer T. Griffiths, of Columbus, Ohio.

FINDS MAN IN ROOM.

Woman Faints When Force of Habit Reveals Intruder Under Bed.

Turbotville, Pa., Nov 22.—Before settling snugly for the night Miss Grace Derr, for years, nightly looked under the bed for a man. Not that she expected to find one there, but just because she hated to get under the covers without taking the customary precaution.

Last night, after donning her nightie, she followed her custom and took a nonchalant glance under the bed. Then she screamed and fainted. The long-expected, unwelcome visitor was there. He sprang out and disappeared through a window, but the screams brought neighbors and Albert Shade was arrested.

He admitted his guilt and said he forced a rear door while Miss Derr was away. Miss Deer's mother is out of town. The man was sent to the Northumberland county jail for court trial.

Of this number 53 battalions have already been sent to England or France, and the other 92 are now either in training or organizing in Canada.

Including artillery, engineers, and the various branches with each infantry battalion, the total number of men in the 145 battalions will be more than 250,000.

DUAL TRAGEDY

Chicagoan of 35 Driven to Desperation When Lad Wins Love of Young Sweetheart

Chisago, Nov. 23—"Jim" Tracy did not think he was so very old at thirty-five. He was serious, plugging, settled in some of his ways, and one of the ways led to the adoration of pretty Barbara Kieninger, nineteen-year-old telephone operator.

Tracy's mature way of looking at things rather impressed the girl at first. Like lots of other girls, she was flattered for two years with the attention Tracy showed her. She never had any callers before "Jim" Tracy became known in her little neighborhood as her "steady". She was rather inclined to the same serious trend that Tracy had until a few days ago when she met the other man—a boy of her own age—at a party. Then she told Tracy her mistake Tracy couldn't see it that way.. He didn't give up hope even when she walked by him without speaking.

Then he waited on the corner for her.

"We can't even be friends after this," she said and turned and walked away. Tracy had his hand in his pocket at the time. He pulled it out—holding a revolver. He shot three times. One bullet ripped through the girl's heart. Before she fell another tore into her brain and a third into her neck. Then Tracy fired a bullet into his own brain and fell dying to the sidewalk.

SURVIVED BROKEN NECK

New Yorker Practically Well Despite Injury Suffered in Diving

New York, Nov. 23—John A. Salve has left the hospital practically well, although last June he broke his neck diving in shallow water, and his death was thought but a question of forty-eight hours. The surgeons say in the course of a few weeks he will regain the use of his legs.

Salve fractured the fifth and sixth verotical vertebrae so seriously that the surgeons dared not operate. His head and neck were propped with sand bags and for weeks he moved neither to right nor left.

He retained full possession of his mental powers, but was paralyzed from the neck down. One day a pin pricked his flesh and he gave a sharp exclamation. From that time he showed remarkable improvement.

The capitalization is expected to be $50,000,000 at the start. It will be increased later as demanded by the acquisition of properties.

Charles A. Stone, of Stone and Webster, successful managers of upwards of a score of traction, electric and other public utility companies, has been chosen to manage the mammounth new banking venture.

Frank A. Vanderlip, president of the National City Bank, is the originator of the project.

Its scope is wider than that of any foreign investment organization in the world. The nearest approach to the American International Corporation is the Deutsche Bank, of Berlin, which finances man industrial ventures.

The seci-bankruptc of Europe has brought a collapse in the securities of even high grade dividend-paying properties in South America and elsewhere. Hence the American financial combination will be able to secure control of many foreign corporations on bargain terms.

Latin American will be the first field to be cultivated. But Russia, the Orient and other quarters of the globe will be tapped in due course. Canadian enterprises may also be brought in.

,Prominently identified with Mr. Vanderlip in the American International Company, is Otto H. Kahn, of Kuhn, Loeb and Co. Mr. Kahn is a director of the new company and will be also, it is understood,a member of the finance committee, upon whose shoulders will fall the principal work of developing the enterprise. Mr. Kahn has had practical banking experience abroad and is recognized as among the ablest railroad financiers in this country.

Charles H. Sabin, president of the Guaranty Trust Company, the largest in the country is to be director. Alfred H. Wiggins, president of the Chase National Bank, is another of the stalwarts interested.

Losing Members In New England; Making Big Gains in West.

New York, Nov. 22.—The membership of the Methodist church in the North now numbers 4,033,123, according to official statistics. The net increase in membership last year was 164,000.

The report shows that Methodism is losing membership slowly in New England, holding its own in the New York district, and growing most rapidly in Philadelphia, Chicago, Omaha and Minneapolis.

The Methodist church now has 4,497,000 Sunday-school children, a gain last year of 313,800, the largest increase in its history. There are 30,000 Methodist ministers.

Methodist property in America is worth $327,341,000, and the annual expenses of the church are $40,000,000.

COUPLE TO BE ARRESTED

Warrants to be Issued Today for Pair Who Kept Daughter A Prisoner for Years

Easton, Md., Nov. 23—After conferring with Judges Adkins and Hopper of the Circuit Court for Talbot County; with Miss Emma L. Davies, local agents of the Children's Aid Society of Maryland, and with others who have been pushing the investigation into the strange case of Grace Marshall, held prisoner for years in her home two miles from St. Michaels State's Attorney Charles J. Butler said last night that he would issue warrants today for the arrest of Miss Marshall's father and stepmother, Mr. and Mrs. Frank Marshall.

The warrants will charge Marshall and his wife with assault with intent to murder Grace Marshall, with imprisoning her against her will and possibly with kidnapping her.

The crime of assault with intent to murder carries a penalty of from two to 12 years in the penitentiary, or at the discretion of the court, in the Maryland House of Correction.

Public sentiment here is so strong against the Marshalls for their inexplicable treatment of race that many persons are making open threats that unless the local officials act speedily the citizens will take justice into their own hands.

WARNS AWAY UNEMPLOYED

State Commission Threatenes Them With Rock Pile.

San Francisco, Nov. 22.—The unemployed were warned yesterday by the State Commission of Immigration and Housing of California, to stay away from that state.

"If you are looking for work or charity you will not find the former in California and you will find the latter only through hard labor on the roads or rockpiles," said an official statement.

Forty-four of the largest cities in the state have agreed not to "pass on" the dstitute unemployed to other communities, according to George L. Bell, executive officer of the commission.

PRILEP IS BURNING

Geneva, Switzerland, Nov. 23—Prilep is burning, dispatches from the Balkans report today.

The town is the important southern Serbian center captured by the Bulgars last week on their march to Monastir. It is supposed the Bulgars set it on fire in reprisal for some act by the Serbs.

London, Nov. 23—Ten thousand Bulgars have been killed and wounded in fighting for Monastir.

The Bulgars forces attacked the town on Saturday, Saloniki advices say. It was learned here today for the first time that the assault was repulsed. Repeated earlier reports were to the effect that town had fallen.

The Serbs, driven southward from Babuna pass and Prilep, rallied before Monastir and fought desperately. The struggle was at close quarters. The Serbs were heavily outnumbered, but their reckless courage turned the tide of battle in their favor.

Bronchitis

When a severe cold settles on the lungs it is called bronchitis. There is danger of its leading to broncho pneumonia, and for this reason it is always best to go to bed and take Chamberlain's Cough Remedy as directed until well along toward recovery. Mrs. Charles E. Woodard, Sandy Creek, N. Y. writes: "Chamberlain's Cough Remedy cured me of bronchitis last fall. When I began using it I was so hoarse at times that it was difficult for me to speak above a whisper. I resorted to the use of this valuable medicine and found it very soothing and healing.
